www.masterfinish.co.uk

Achieve the Look of Natural Stone at a Fraction of the Price

- Three Colour collections to match a variety of design styles:
 - Mineral Collection
 - Earth Collection
 - Loft Collection
- Clear coated for lasting durability
- Return to service in as little as one day
- Less inconvenience than renovation, with less waste
- Environmentally preferred, water-based multi-Colour finish
- Low odor, low VOC, FDA-compliant topcoat options are available

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All Colours are representative only.

BEFORE

AFTER

Add Sterlion™ silver ion antimicrobial technology to any StoneFlecks Ultra coating to protect the surface from the harmful effects of bacteria.

The Mineral Collection

A series of gray Colours with richness and depth ranging from the cool tones of the frozen tundra to the darkness of deep space.

BEFORE

AFTER

Mineral Collection

192-Dover

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All Colours are representative only.

Mineral Collection

199-Granite

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All Colours are representative only.

Loft Collection

Smoke Cement

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All Colours are representative only.

Loft Collection

Slate Gray

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All Colours are representative only.

Loft Collection

Oyster Bay

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All Colours are representative only.

Loft Collection

Espresso

The samples included in this brochure are enlarged to show detail. Just as natural stone has unique variations, the final finish, pattern and fleck sizes will vary based on the ambient conditions and application process. All Colours are representative only.

BEFORE

AFTER

Increase the functionality of a coated surface with optional additives

ANTIMICROBIAL

Sterlion™ antimicrobial technology helps protect the surface from the harmful effects of product-damaging bacteria

TRACTION ADDITIVE

Standfast™ traction additive integrates into the cured coating, offering a slip-resistant finish to the surface

FLECK ENHANCER

Dynamic Fleck Enhancer™ enlarges the multi-colour particles in a StoneFlecks Ultra coating to create a more natural appearance

METALLIC

Dream Metallics, available in six beautiful, modern Colours; gold, silver, pearl, bronze, ebony and copper, create a metallic shimmer to any StoneFlecks Ultra coated surface

ODOR ELIMINATOR

Fresh Scent™ modifies and masks the chemical odor during the application process and continues to emit a pleasant scent throughout the curing process
